

Homeowner's Priority Service

Annual service for your heating system and Unlimited Priority Call-out 24/7/365 via manned UK emergency help line, just £8.59 a month inclusive of VAT

1. Annual Service and Repairs

- 1.1. The terms and conditions in this agreement apply to the annual inspection and servicing and priority call-out service provided by Saltire Facilities Management Limited (“we”/“us”) for domestic central heating systems run on natural gas, oil, LPG, electricity or solid fuel. This is a home care agreement not an insurance policy. When you sign a Service and Maintenance Agreement with us you will be deemed to have agreed to these terms and conditions.
- 1.2. This agreement covers terms on which we provide an annual service of your central heating system together with a priority call out service. If you need to call us out we will treat your call as a priority. Our preferential priority call out hourly charges will apply for the period of our attendance. We will charge you for any parts used. We will tell you the cost of the parts needed and our estimate of the time required to carry out any repair before we start work. There is no limit to the number of calls out you may have during the course of this agreement and there is no charge for attending; preferential hourly rates apply to work carried out. Where you experience an intermittent fault we will try to agree with you the most effective and economic way to deal with this. A schedule of preferential priority call out hourly rates can be found on our website www.saltire.co.uk.
- 1.3. At the annual service visit we will carry out an annual inspection of your central heating system and a full service of your boiler taking account of manufacturers’ recommendations and will give you a report on your heating system and its efficiency.
- 1.4. We do not apply system age limitations, provided spare parts are still available, but some limitations may apply in respect of some boiler makes and models, and only central heating systems which comply with the relevant British Standards will be accepted for cover under this agreement.
- 1.5. We will service/repair your central heating system using registered engineers/technicians who are fully qualified for the type of system; GAS SAFE for natural gas, OFTEC for oil, GAS SAFE with LPG Element for LPG, NICEIC Registered Electricians for electrical and HETAS for solid fuel.

2. Appointments

- 2.1. Annual service visits will be carried out during normal working hours on a date agreed with you. We will advise you in writing by post or by email (whichever you have chosen) when the service is due and will offer you an appointment. If you would like to change the day or time of this appointment, you should contact us by telephone (0330 202 0444) or email us (maintenance@sfml.co.uk) at the earliest opportunity to agree an alternative appointment. We have a limited number of evening and Saturday slots available and will give you priority access to these slots. If we do not hear from you we will assume the appointment offered to you is convenient and will attend.
- 2.2. If for any reason, having agreed an appointment with us for your service, you find you will not be available for an agreed appointment time, you should contact us by telephone (0330 202 0444) or email us (maintenance@sfml.co.uk) at the earliest opportunity to agree an alternative appointment.

- 2.3. Breakdown calls will be treated as a priority over service calls. When you notify us of a fault with your heating system we will agree with you the date and time at which we will attend unless the breakdown is an emergency (complete loss of heating or hot water or a water leak which cannot be contained).
- 2.4. If we agree the breakdown is an emergency (complete loss of heating or hot water or a water leak which cannot be contained) we will respond to it at all times as a priority, including at weekends and on Public Holidays and in any case within 24 hours but usually in a much shorter time. We aim to attend within 2 – 4 hours of your emergency call. When you call us out to an emergency we will tell you when we expect to attend and we will update you if there is any change. The engineer will call you when he is on his way to you.
- 2.5. If we cannot get your heating working within the same day we will provide you with temporary heaters free of charge and will collect these when the heating is restored. We are not responsible for the cost of energy used by the temporary heaters.
- 2.6. If we have made an appointment with you and are unable to access the property when we attend (within 30 minutes of the appointment time) to undertake a service or a repair we reserve the right to charge you at our standard hourly rates (available on our website, www.saltire.co.uk) for the wasted time.
- 2.7. You must give reasonable access to our engineer to enable him to carry out the service or repair.
- 2.8. Calls to our call centre are recorded to improve the quality of our service.
- 2.9. We operate an optional Security Password Scheme; you give us the password you choose and we will quote that in any telephone call or at the time of any engineer visit.

3. Start Date and Payment

- 3.1. We will not enter into an agreement until we have inspected your boiler and heating system. If we accept your application to enter into this service and call-out agreement, cover will start 14 days after we accept your application, subject to receipt by us of payment, where applicable. You may make your application at the time of the survey and if the survey was satisfactory the surveyor will accept your application. You may confirm that you wish to proceed with an application for cover up to 7 days after a satisfactory survey.
- 3.2. If our engineer advises you at the time of the initial inspection that we will accept your application you can complete your application to enter into this agreement including the direct debit authorisation and we can carry out the first annual service at the time of the initial inspection. This does not affect your right to a 14 day cooling off period. You will be asked to confirm at that time that you understand that you are requesting the service to be done regardless of whether or not you subsequently exercise your right to cancel the agreement and that if you do cancel the agreement you will be charged for the service.
- 3.3. If you do not cancel this agreement during or at the end of the 14 day cooling off period the cost of the service of your heating system carried out at the time of the initial inspection will be covered by this agreement. If you cancel this agreement during or at the end of the 14 day cooling off period any payment you have made under this agreement will be refunded to you but you will be charged for the service of your heating system at our published standard rate (available on our website, www.saltire.co.uk).
- 3.4. If you do not cancel this agreement during or at the end of the 14 day cooling off period you will be charged for work we have carried out during that period to deal with any repairs at our preferential priority call out hourly rates. If you cancel this agreement during or at the end of the 14 day cooling off period any payment you have made under this agreement will be refunded to you but you will be charged for any repairs carried out during the 14 day cooling-off period at our standard hourly rates (available on our website, www.saltire.co.uk).

- 3.5. Payment must be made monthly by direct debit or as a single annual payment in advance of your agreement start date.
- 3.6. If you fail to make a payment on time this agreement will be suspended and you will not be able to obtain service under the agreement. If you fail to make a payment on time we will notify you within 10 working days of the date payment was due. If you do not pay the requested amount within 30 days of the date on which payment was due this agreement will be cancelled. If you have a service due or want a call-out while your agreement is suspended our engineer will not attend until the overdue payment has been made.

4. Renewal

- 4.1. We will provide you with notice in advance of the annual renewal date of your agreement together with information about the cost of renewal and about alternative packages we offer.
- 4.2. We will continue to provide you with cover, subject to receipt of payment, where applicable, unless you cancel your agreement.
- 4.3. We aim to undertake our annual inspection and service of your central heating system within 28 days of your agreement renewal date and will contact you.

5. Remedial Work at the Initial Inspection

- 5.1. At the time of the initial inspection before we accept your central heating system for cover under this agreement, our engineer will identify so far as possible any remedial work required to bring your system up to our standards to allow us to accept your application to enter into this agreement. Any remedial work to which you have agreed and which is carried out by us will be chargeable and payable prior to this work being carried out
- 5.2. If you decline to undertake the remedial work identified, we will cancel the agreement and any payments made by you prior to the cancellation will be refunded, subject to any charges payable under this agreement for work already performed by us.
- 5.3. While our inspection will be as thorough as possible, there may be faults which we cannot identify, for example, because part of your system is built into the fabric of your home and to inspect it would require intrusive steps to gain access. If you call us out because of such a fault, and you decline to undertake at your cost the remedial work we identify as necessary to bring your system up to standard, we reserve the right to cancel this agreement.

6. Limitations

- 6.1. This agreement covers one boiler per domestic property. Properties with more than one boiler will require additional cover.
- 6.2. This agreement excludes all commercial-rated boilers or boilers used in commercial premises and is limited to boilers with no more than 40Kw output. If your boiler has a larger output we will review the position with you to seek to agree with you the service we can provide.
- 6.3. If we supply any parts to maintain your central heating system we reserve the right to do so using parts of a similar specification.
- 6.4. Limitations on the availability of spare parts may mean it is not always possible to repair a particular fault. If we are unable to reasonably source spare parts, you will be eligible for a 10% discount off the cost of a replacement boiler supplied and installed by us.
- 6.5. Any costs associated with changes required to your system to ensure it complies with current legislation and industry standards are not covered by this agreement.

- 6.6. The cost of redecoration and replacement or repair of any fixtures and fittings is not included in this agreement.
- 6.7. Removing asbestos associated with repairing the appliance or system; asbestos removal must be carried out by an accredited asbestos removal contractor who is able to provide appropriate certification on completion of the removal;
- 6.8. In the event that it is necessary, for example, to remove carpets, floor or wall tiles, floor boards, etc., or to cut into wall or floor surfaces and you wish us to carry out this work you will be asked to confirm in writing your consent while the engineer is at your property but before he commences work.

7. Cancellation

- 7.1. Either party may cancel this agreement with at least 28 days written notice. Cover will cease immediately once this notification has been received and processed by us.

Examples of why we might have to cancel your agreement include:

- 7.1.1. You give us information which is incorrect
- 7.1.2. You fail to make the necessary payments
- 7.1.3. We are unable to find spare parts to allow us to maintain your central heating system
- 7.1.4. Any change of circumstance which prevents us from maintaining your central heating system in safe working order
- 7.2. If either party cancels the agreement after we have carried out an annual inspection and service or any repairs to your central heating system, a charge will be made to cover the costs incurred in the year covered by the agreement which we have yet to reclaim at the point of cancellation. The maximum amount chargeable is £150 (including VAT).
- 7.3. If either party cancels the agreement after we have agreed to spread the payment for remedial work over the period of the agreement a charge will be made to cover the remedial work costs which we have yet to reclaim at the point of cancellation.
- 7.4. If either party cancels the agreement and you have paid in advance for your annual cover, you will receive a refund for any complete months of the period remaining on your agreement, subject to deduction of any charges payable.
- 7.5. If either party cancels the agreement and you pay monthly by direct debit, we will not take a payment after the end of the month in which your 28 day notice expires, although you will still be liable for any outstanding charges.
- 7.6. You should contact us in writing either by post or by email as specified in [Clause 8.6](#) of this agreement if you want to cancel your contract so that we do not attempt to collect any direct debit payments after the end of the month in which your 28 day notice expires.

8. Legal

- 8.1. We may assign or transfer all or any part of our rights and subcontract any of our obligations under this agreement without your consent provided that the transferee holds the relevant registration (GAS SAFE for natural gas, OFTEC for oil, GAS SAFE with LPG Element for LPG, NICEIC Registered Electricians for electrical and HETAS for solid fuel) (where necessary).
- 8.2. If you move house during the period of this agreement and wish to enter into a similar agreement with us in respect of your new property we will cancel the agreement on the day of your move and will enter into a new agreement with you in respect of the heating system at the new property subject to the provisions of [Clause 3](#) (inspection, acceptance,

initial service). If you move house you must tell us by telephone (0330 202 0444) or email us (maintenance@sfml.co.uk) and provide your new address.

- 8.3. We reserve the right to vary the terms and conditions of this agreement for the service and emergency call-out in respect of your central heating system.
- 8.4. Any delay on our part in enforcing any term, condition, right or remedy in respect of this agreement will not be deemed to be a waiver of any such term, condition, right or remedy.
- 8.5. Except for death or personal injury caused by our negligent acts or omissions we will only be liable for any loss or damage which is a reasonably foreseeable consequence of a breach of this agreement, up to a maximum liability of £100,000 in any calendar year. Neither you nor we are liable to the other for any indirect, consequential, economic or financial loss or damage (including loss of profit, revenue, goodwill, business, contract or wasted expenses) or for loss or damage caused by circumstances which we do not control.
- 8.6. Notices required under this agreement will be in writing and delivered by hand, sent by post, facsimile or email. We will send notices to your billing address. We will assume you have received the notice 2 working days after we have sent it unless we receive evidence to the contrary. You must send notice(s) by post to:

*Saltire Facilities Management Limited, 10 James Street, Righead Industrial Estate,
Bellshill, ML4 3LU*

or by email to maintenance@sfml.co.uk.

- 8.7. If you have a complaint please contact us by telephone (0330 202 0444) or email us (maintenance@sfml.co.uk) and we will make every effort to resolve your complaint. We have a documented complaints procedure which will be provided on request. Our procedure aims to ensure that your complaint is resolved as quickly as possible but provides for escalation to senior managers if you remain dissatisfied.
- 8.8. This agreement is governed by the laws of England and Wales, unless the property is located in Scotland, in which case the laws of Scotland will apply.
- 8.9. All correspondence relating to this agreement will be in English.
- 8.10. Any information you provide for the purposes of this agreement will be held and used by us as the data controller (for the purposes of the Data Protection Act 1989) to administer this agreement and the provision of services to you under this agreement. We may use the information for the purposes of training, testing, quality control, research and statistical analysis. We may also use the information to keep you informed by post, email or telephone of any of our products which we think may be of interest to you. If you do not want us to do this please contact us by telephone (0330 202 0444) or email us (maintenance@sfml.co.uk) and advise us of this. We will not share your information with any third party.
